This leaflet was produced with the financial support of the European Commission. Responsibility for the information and views set out in this leaflet lies entirely with its authors. The European Commission may not be held responsible for any use of the information contained herein.

**EURAXESS – Researchers in Motion** is an initiative established by the European Commission in 2004. The main goal of the initiative is to enhance the mobility of researchers and to help develop research and science in the EU.

**EURAXESS Network** assists foreign researchers by offering legal and administrative help in mobility-related issues such as visa, accommodation, stay permit, work permit, social security, taxation, family reunification, preschool education, language courses, etc. Since 2008 Croatian EURAXESS Service Center, within the Agency for Mobility and EU Programmes, provides such support by offering relevant information on the Croatian EURAXESS web portal, as well as on the official EURAXESS Croatia Facebook page, in web and print publications and through direct contact with foreign researchers.

This roadmap represents a further effort of the Croatian EURAXESS Service Center to clarify and summarize all administrative procedures foreigners go through when coming and working in Croatia.

For more information please visit Croatian EURAXESS portal: [www.euraxess.hr](http://www.euraxess.hr)
